Pub/Sub Pattern

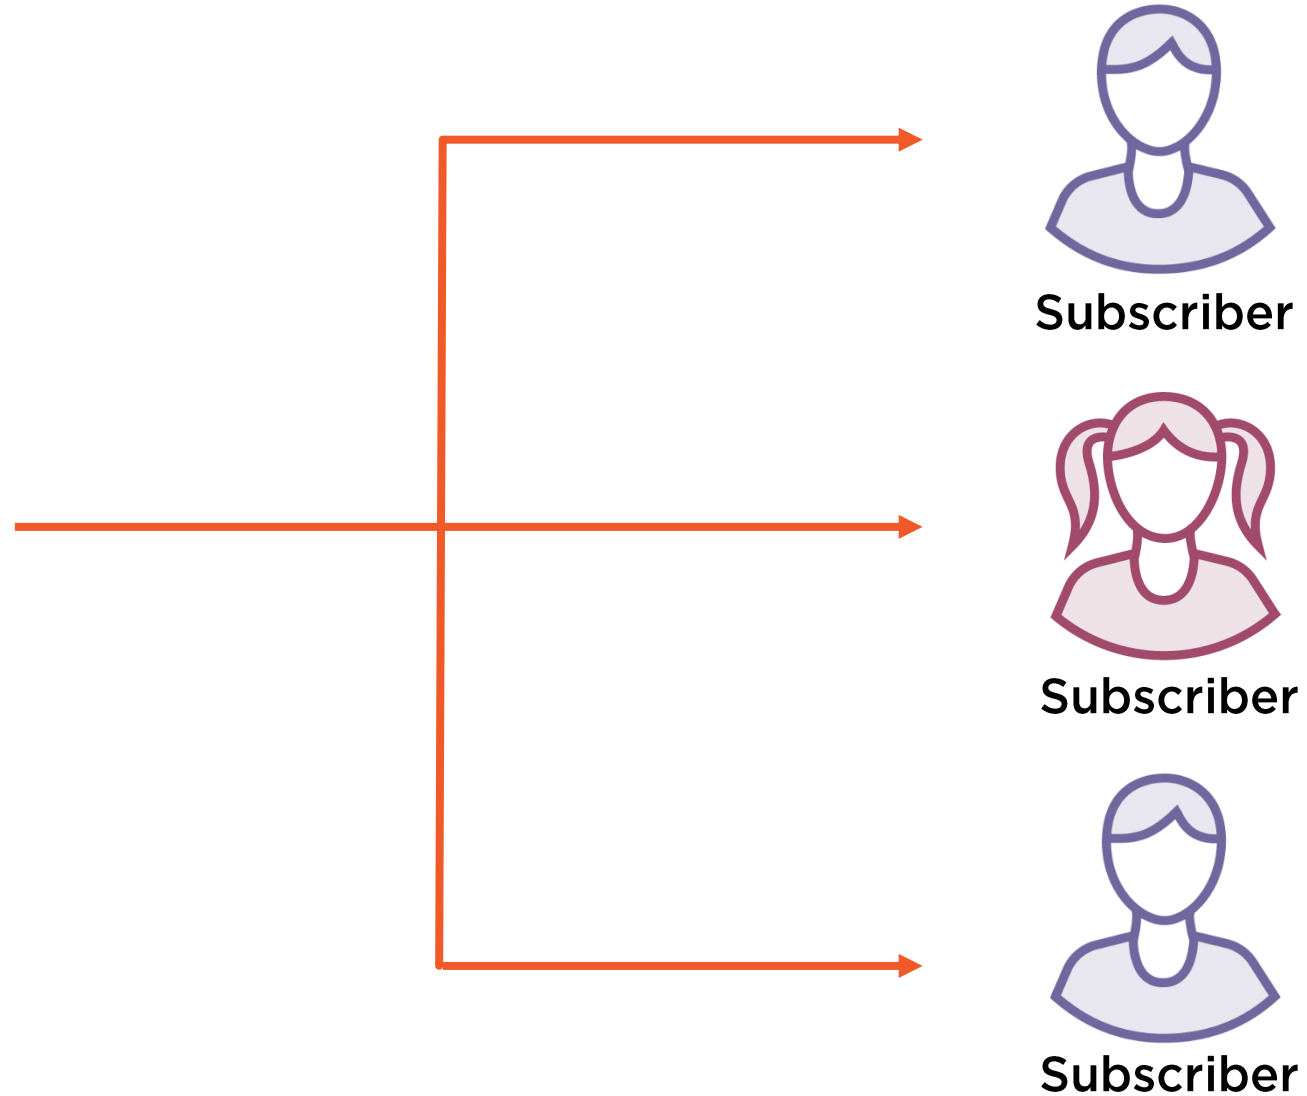

“Pub/Sub is a one-way messaging,
events-driven manner of writing
code”

Open Connection

Publisher

```
socket.on('message-from-client', function(msg) {  
    console.log(msg);  
});
```

```
socket.emit('message-from-client', {  
    greeting: 'Hello from Client'  
});
```

Pub/Sub Example

Bitcoin Tracker
